# Sponsor Page Content as offered by Converia

Your company can use the sponsor profile page to professionally present yourself and your services. There are many options for customization that enable you to provide participants with detailed information and further options to get in touch with you (e.g. via social media).

All content elements are optional, but we recommend to use as many of them as possible in order to leave a good impression. Apart from your logo being presented in a rotating banner or your logo placed in the sponsor section of the landing page, and also in the virtual exhibition hall of the event, there is also an inside page that can be individually assembled with 12 choices by the sponsors depending on which package you've chosen to support us with (see next page). Furthermore, we can offer you

- Interaction of sponsor representatives in 1:1 meetings
- We can let you also sponsor sessions

Options at the inside page:

1. Banner: 5:1-10:1 aspect ratio, resolution min. 1440px width and approx. 300px height, PNG format

2. Logo: 3:1-8:1 aspect ratio, landscape, recommended: SVG format (freely scalable), or PNG format (approx. 300px width and 70px height)

3. Subtitle/Slogan: max. 255 characters

4. Description: formatted text possible, max. 2500 characters

5. How We Stand Out: Showcase main strengths and attributes, term cannot be changed, formatted text possible

6. Social media profiles: enter URL from the browser's address bar, adding XING and LinkedIn company profiles is not possible at the moment

7. Company and sponsor reps: The organizer needs to be informed about the sponsor representative in advance so that a booking can be made and a Virtual Venue link for your representative can be added. For details contact the organizers (see flyer). If the sponsor representatives are linked, they are displayed on the respective sponsor page under representatives. By clicking on the person, a private chat room can be opened via "Meet now" in the short profile

8. Video: MP4 format, 720p-1080p, multiple videos can be displayed in the same player window. For VOD Video Content Requirements please contact the organizers.

9. Sessions: will only appear if there are sponsored sessions or talks and content will be added automatically

10. Contact data: formatted text possible, you can enter XING and LinkedIn company profiles here

11. PDF downloads: please provide us with a PDF. For requirements please contact the organizers.

12. External links: enter external links such as company websites or product websites
